

# WHERE CREATIVITY BECOMES A CAREER

Learn from active artists and creative practitioners. We rank 8th in the world for our Quality of Education (THE Impact Rankings, 2020).

Benefit from our industry connections, including D&AD, Wildlife Trust, Wordsworth Trust, Lakes International Comic Art Festival (LICAF), Royal Television Society (RTS) and Redeye Photography Network to name just a few.

Study where award winners are made and become a professional creative alongside our amazing alumni, which includes Turner Prize winners, Oscar winners, Pixar animators, Disney designers and business owners.

Live in Cumbria, a place full of natural beauty that has attracted artists for centuries and, today, is home to a vibrant artistic and cultural community as well as being a favourite filming location for Hollywood.
